Check Your Performance Measures Data

September 2024 checking exercise – key stage 2

Guidance for all state funded primary schools

September 2024

Contents

Summary

It is very important that you read this guidance document carefully.

About this departmental guidance

This is guidance from the Department for Education (DfE) and is non-statutory. It has been produced to help state funded primary schools and special schools understand their responsibilities in relation to the school checking exercise.

Expiry or review date

This guidance will next be reviewed ahead of the September 2025 checking exercise.

Who is this guidance for?

This guidance is for:

- School leaders, school staff and governing bodies in all state funded primary schools (maintained schools, academies, free schools)
- Special schools (maintained schools, academies and free schools)

Introduction

For 2023/24 we will publish the usual Key Stage 2 (KS2) attainment measures.

As Key Stage 1 (KS1) assessments were cancelled in academic years 2019/20 and 2020/21 due to COVID-19 disruption, there will be no relevant KS1 data available to calculate KS1-KS2 progress measures for 2023/24 academic year. We will therefore not be producing or publishing primary progress measures for 2023/24.

We will be sharing school level KS2 data to support school improvement and as one piece of information to inform broader discussions on school performance. Schools are asked to check we have the correct pupils listed at the end of KS2 as part of the 2024 KS2 September checking exercise.

Amendments made to correct your pupil level data during this checking exercise will increase the accuracy of the revised KS2 performance data published in December 2024 for your school.

Further information on how KS2 performance measures are calculated can be found here: **Primary school accountability - GOV.UK (www.gov.uk)**.

Changes since 2023

1. In previous years the Department for Education has worked with an external contractor to produce and share school performance data, this included delivering the school checking exercises.

   From the academic year 2023/24, the management and production of performance data has now been in-housed and will be delivered by DfE. This new service is called 'Check Your Performance Measures Data' (CYPMD).

   The CYPMD service will use a new portal to administer the school checking exercises. The new portal will have a similar look and feel to other online services that the department uses to interact with schools. The portal has been designed to improve accessibility and provide clear navigation. This will allow you to view and if necessary, amend your school performance data by a more streamlined process than in previous years.

   Please note that a link to the CYPMD portal will be made available to you prior to the September checking exercise opening.

   Users of the new CYPMD portal will need to have a **DfE Sign-in account, details on how to create an account can be found here: DfE Sign-in (education.gov.uk)**.

   Please note that if a school is part of an academy trust, a DfE Sign-in account will need to be created for **each school** that intends to engage with the KS2 September checking exercise. You will not be able to view the data if you try to log in as the trust.

   You should ensure that your school has adequate DfE Sign-in accounts to complete the 2024 school checking exercise.

   There will also be a new help line facility which will support you throughout the 2023/24 checking exercise process which you can access here: **https://Check-your-performance-measures-data.education.gov.uk**.

2. Schools will be accountable for a pupil if they were registered for the 2024 KS2 tests. These pupils and their results will be automatically used to calculate your school performance measures. For that reason, you will no longer be able to:

   - Add a pupil, or
   - Remove a pupil using the 'Moved schools' category.

3. Requests can now be made to remove pupils from your school performance data who have arrived from overseas and do not speak English as their first language within the last three academic years (previously two years).

4. The 'Police involvement' removal category has been combined with the removal category called 'Social care involvement'.

5. The 'Terminal/long term illness' category has been renamed to 'Terminal/Critical illness'. This will provide further clarity to schools about when it might be appropriate to request to remove a pupil using this category.

6. Characteristic amendment requests are no longer available. After considering the effect of this type of request if accepted, it was found that they had no impact on revised performance data.

7. There is no facility to change admission dates in the 2024 KS2 September Checking Exercise. Schools that have changed status since September 2022, for example schools that have merged or a school that has closed and reopened as a sponsored academy, will have a large number of pupils identified as mobile, and their published school mobility indicators will be shown as Not Published.

8. When your school has made all individual pupil amendment requests your **school** will need to submit a 'full return summary' on the CYPMD portal. **Once this action has been completed your school will no longer be able to request any further amendments or amend any requests already made**. Your school will also be able to download a PDF copy of your 'full return summary' for your records.

   We encourage you to familiarise yourself with the new CYPMD portal and the final full return summary submission process by reading the 'How to' guidance and watching the video walkthrough of the CYPMD portal. We will notify you when these are released in September.

9. KS2 late results or outcomes of reviews for your pupils will not be available on the CYPMD portal during the 2024 KS2 September Checking Exercise. You can access this data on the **Primary Assessment Gateway**. These late results or outcomes of reviews will be included in the revised KS2 performance data published in December 2024.

10. There will be no 'Errata' exercise, as it was found that amendments made during errata in previous years had limited impact on final performance data, therefore all pupil removal requests must be made during the KS2 September checking exercise.

Pupils included in the calculation of KS2 data

Your school's KS2 cohort consists of every pupil registered for 2024 KS2 tests at your school. All pupils who have achieved valid test results (or teacher assessments) in reading and maths and a valid teacher assessment in writing are in the cohort. The list also includes any other pupil whose name was on the test attendance register but marked with the relevant test attendance code indicating why they did not take the test (including those working below the standard of the tests and assessed using pre-key stage standards or the engagement model).

Checking your pupil list

CSV file

You can view and download a CSV file which contains all pupils attributed to your school. We recommend you download a copy of your CSV file before you request any pupil removals.

The CSV file contains **all** pupils at the end of KS2. This file may also contain pupils **who are not** included in the calculation of performance measures and will therefore not be shown in the checking exercise portal, for example pupils who are not at the end of KS2 and have results in some assessments but not in others.

A 'KS2 September CSV file guidance' document will be shared with schools on the Help Centre: **https://Check-your-performance-measures-data.education.gov.uk** to help you interpret the CSV file. We will inform you when this is available.

Checking exercise portal

Pupils listed within the KS2 September checking exercise portal are those pupils **who will be** included in your school's performance measures. The facility to request the removal of a pupil will only exist for these pupils.

Action your school needs to take

You will be able to access the CYPMD portal from the CYPMD Help Centre here: **https://Check-your-performance-measures-data.education.gov.uk**.

Please note that this link will only be accessible from 9 September 2024.

Your school should take the following action by 5:00pm on Friday 20 September 2024:

- **Check that we have listed the correct pupils at the end of KS2.** These checks are important to ensure the accuracy of your data published in December 2024.

  If you think your pupil list is incorrect, please contact the CYPMD Helpline on 03001312762 or visit the help centre here: **https://Check-your-performance-measures-data.education.gov.uk**.

  If you do not need to request any amendments to your pupil data, no further action is required.

- **Complete all pupil removal requests.** Further information and evidence requirements can be found throughout this guidance document.

- **Submit your 'full return summary'.** Once your school has made all individual pupil removal requests, a 'full return summary' must be submitted.

  More than one user can request amendments to your school data. Requests can be made over different days, individual amendment requests can be edited, information/evidence can be amended throughout the two-week checking exercise period. However, **by 5pm on the final day, one** user must submit your school's 'full return summary'.

  Once your school's 'full return summary' has been submitted, your school will <u>no longer</u> be able to request any further amendments or amend any requests already made.

  Please note, if you do not submit your 'full return summary' your individual pupil removal requests will not be visible and therefore cannot be considered.

If you have any enquiries about KS2 results or reviews, please contact STA by email at assessments@education.gov.uk or by telephone on 0300 303 3013. **The CYPMD help line cannot assist with these queries**.

All pupil amendment requests must be made by 5:00pm on Friday 20 September 2024. There will be no further opportunity to make pupil amendment requests after the September checking exercise.

You should ensure that your school has adequate DfE Sign-in account holders to complete the 2024 September checking exercise.

Pupil removal requests

To help schools submit appropriate amendment requests during the 2024 KS2 September checking exercise we have produced a document which summarises the requests submitted during the 2023 KS2 September checking exercise, alongside common reasons why some amendment requests could not be accepted.

To increase the likelihood of amendment requests being accepted we strongly recommend that you read this document **before** you make any amendment requests.

The document is called '2023 KS2 September Checking Exercise Requests Summary' and can be accessed from the Help Centre here: **2023 KS2 September Checking Exercise Requests Summary**.

There may be exceptional circumstances where you feel it is appropriate to request amendments to the pupils included in the calculation of your school's performance measures.

Requests can be submitted to remove pupils from being included in the calculation of your school's performance measures for the reasons listed below.

The list of categories is separated into pupils who generally remain on roll and those who are no longer on roll. There may be circumstances where a pupil is no longer on roll but the situation you wish to request to remove them is contained in the 'on roll' removal categories. These requests will be considered.

Not on roll:

- Child missing education
- Deceased
- Elective Home Education
- Permanently Excluded from current school
- Permanently left England

On roll:

- Admitted following permanent exclusion
- Admitted from abroad with English not first language
- One or more end-of-key stage assessments deferred by a year
- Pupil added to school roll after start of summer term
- Social care involvement including police
- Terminal/ critical illness.

If your request does not fit into one of the removal categories above, you will not be able to submit a request to remove the pupil.

Requests will not be accepted in the following circumstances:

- A pupil suffered short term illness;
- A pupil suffered short term illness and failed to sit all or some tests;
- A pupil is on roll but receiving home tuition/remote learning;
- The request is related to a pupil's special educational needs and disabilities (SEND);
- A pupil is a non-attender[1];
- A pupil is from a traveller family;
- A pupil is working below the level of the tests;
- Reinforced Autoclaved Aerated Concrete (RAAC) or building disruption is not a reason for a pupil to be removed from a school's performance data.

Information/Evidence

Important

Supporting information/evidence **must be submitted in PDF format,** other file types are not supported.

You can upload up to **6 files or 6 pages** of information/evidence per request.

To assist the decision-making process, **please ensure your information/evidence** is clear and concise.

We cannot consider information/evidence beyond the first 6 pages of PDF evidence. Submitting information/evidence longer than 6 pages could result in important details to support your request not being considered.

All removal categories require information or evidence to be provided to support the removal request.

All supporting information/evidence needed for each removal request must be uploaded to the secure CYPMD portal. Please ensure that you have supplied all the necessary information/evidence to enable a decision to be taken, otherwise your request cannot be accepted.

Information/evidence should be in the form of supporting documentation from the local authority, social worker, police report or from medical professionals (as appropriate to the case). Further details about the information/evidence required to support each removal request can be found below, within each removal category sub-heading.

---

[1] non-attendance includes any absence unless for reasons of long term illness

When your school has made **all** required individual pupil amendment requests your school will need to submit a 'full return summary' on the CYPMD portal. **Once you have completed this action you will no longer be able to request any further amendments or amend any requests already made**.

Please note:

If your school has multiple users with a DfE Sign-In account, once you have logged into the checking exercise portal, you will be able to see if the other users in your school have previously logged in and made requests to remove pupils.

This is not a technical issue. More than one user may be making removal requests, and users may want to discuss these requests with each other, or edit/amend evidence, **before** making the school's 'full return summary'.

All requests including all information/evidence and your school's 'full return summary' must be submitted by 5.00pm on Friday 20 September 2024.

If you experience any problems with the uploading of information/evidence, please contact the CYPMD Helpline at: **https://Check-your-performance-measures-data.education.gov.uk**.

We have comprehensive moderation processes in place to ensure that all decisions made are fair and consistent. We will consider all pupil amendment requests and the supporting information/evidence provided (up to 6 pages) before a final decision is made.

The DfE decision is final and we are unable to provide individual feedback to schools on decisions.

Pupil not on roll – removal categories and information/evidence requirements

Important

Supporting information/evidence **must be submitted in PDF format,** other file types are not supported.

You can upload up to **6 files or 6 pages** of information/evidence per request.

We cannot consider information/evidence beyond the first 6 pages of PDF evidence. Submitting information/evidence longer than 6 pages could result in important details to support your request not being considered.

Please click on a category to be taken to the information/evidence requirements:

- Child missing education
- Deceased
- Elective Home Education
- Permanently Excluded from current school
- Permanently left England

Child missing education

If a pupil has:
- **Not returned following a leave of absence,** joint reasonable enquiries (by the school and LA) have failed to establish the whereabouts of the pupil, and the pupil has been deleted from roll under Ground F (regulation 8(1)(f) of the Education (Pupil Registration) (England) Regulations 2006 as amended) after the 2024 spring (January) school census, or
- **Been continually absent from school for 20 school days**, joint reasonable enquiries (by the school and LA) have failed to establish their whereabouts, and the pupil has been deleted from roll under Ground H (regulation 8(1)(h) of the Education (Pupil Registration) (England) Regulations 2006 as amended) after the 2024 spring (January) school census

You can submit a request to remove the pupil from the calculation of your school's performance measures.

IMPORTANT – A high level of non-attendance (e.g. persistent or severe absence) is not grounds for removal.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Date the pupil was removed from your roll, <u>and</u>
2. Confirmation from the local authority and school as to the reasonable enquiries undertaken to ascertain the whereabouts of the pupil, as detailed in point 37 of the children missing education statutory guidance including confirmation of the date the LA was informed of removal from roll. This could include a completed joint LA/school CME checklist.

Deceased

If a pupil has sadly died, please provide the date that they were removed from your school roll.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Date off roll.

Elective Home Education

If a pupil has left your school to be electively home educated **before** the start of the KS2 tests, you can submit a request to remove the pupil from the calculation of your school's performance measures.

IMPORTANT - If you submit a request to remove a pupil who left your school to be electively home educated after the start of the KS2 tests, your request cannot be accepted.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Date the pupil was removed from your roll, <u>and</u>
2. A copy of the school's notification informing the LA of the pupil's removal from the school roll.

Permanently Excluded from current school

If a pupil was permanently excluded from your school **before** the start of the KS2 tests, you can submit a request to remove the pupil from the calculation of your school's performance measures.

IMPORTANT - If you submit a request to remove a pupil who was permanently excluded after the start of the KS2 tests, this request cannot be accepted.

Suspensions[2] cannot be accepted as a reason for removing pupils from the calculation of your school's performance measures.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Proof of permanent exclusion - headteacher notification letter to parent/guardian, <u>and</u>
2. Date of permanent exclusion, <u>and</u>
3. DfE number of school pupil went on to, <u>and, if applicable</u>
4. Evidence of exclusion review outcome.

Permanently left England

If a pupil has permanently left England **before** the test period, you can submit a request to remove the pupil from the calculation of your school's performance measures.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Country the pupil has moved to, <u>and</u>
2. Off roll date, <u>and</u>
3. A copy of the school's notification informing the LA of the pupil's removal from the school roll.

---

[2] The term suspension is a reference to what is described in the legislation as an exclusion for a fixed period.

Pupil on roll – removal categories and information/ evidence requirements

Important

There may be circumstances where a pupil has been included in your school's data but has subsequently left your school. These removal categories can be used to request a pupil removal in these circumstances.

Supporting information/evidence **must be submitted in PDF format**, other file types are not supported.

You can upload up to **6 files or 6 pages** of information/evidence per request.

We cannot consider information/evidence beyond the first 6 pages of PDF evidence. Submitting information/evidence longer than 6 pages could result in important details to support your request not being considered.

Please click on a category to be taken to the information/evidence requirements:

- [Admitted following permanent exclusion](#)
- [Admitted from abroad with English not first language](#)
- [One or more end-of-key stage assessments deferred by a year](#)
- [Pupil added to school roll after start of summer term](#)
- [Social care Involvement-including police](#)
- [Terminal/ Critical illness](#).

Admitted following permanent exclusion

If your school has admitted a pupil who has been permanently excluded from another state funded school **after** 1 September 2022 you can request to remove this pupil from the calculation of your school's performance measures.

IMPORTANT - If you submit a request to remove a pupil who was permanently excluded before 1 September 2022, this request cannot be accepted.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and must be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. DfE number of the excluding school, and
2. Date of exclusion, and

3. Evidence that will support your request, for example letter from headteacher notifying parent/guardian of permanent exclusion.

Admitted from abroad with English not first language

You can submit a request to remove a pupil from the calculation of your school's performance measures if:

- English is not their first language; and
- English is not an official language of their country of origin; and
- their **first** admission to a school in England was **on, or after, 1** September 2021.

While we appreciate that not all children speak the official language of their country, a request will not be accepted if the child's country reports that English is an official language.

For ease of reference, a list of countries can be accessed from the CYPMD portal in the further guidance section for KS2 September , indicating if a request to remove a pupil who has recently arrived from abroad would likely be accepted or rejected subject to all other conditions being met.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and must be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. **Pupil's first language; and**
2. **Pupil's country of origin; and**
3. **Pupil's date of admission to your school, and**
4. **First date of admission to a school in England**, and
5. Date of arrival in England.

If a pupil has arrived from abroad and their first admission to a school in England was **before** 1 September 2021, **or** the pupil has been educated in **more than** one English school, we may also consider a request to remove a pupil under exceptional circumstances.

In addition to the mandatory information above you will need to supply the following additional evidence, where applicable:

6. Brief education history before arrival in England (if known)
7. Education history since arrival in England – names and dates of all schools attended (if known)
8. 3rd party/external asylum, immigration or resettlement scheme documentation, for example the Afghan Citizens Resettlement Scheme
9. Any other information/evidence to support your request.

One or more end-of-key stage assessments deferred by a year

IMPORTANT - SEND pupils working below the standard of the tests or unable to access the tests cannot be removed from the cohort list.

Details should be provided as to why pupils are continuing with KS2. Once the application has been submitted your request will be considered based on the evidence provided.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Statement from the headteacher that the pupil has not reached the end of KS2 and will be assessed the following year.

Pupil added to school roll after start of summer term

If a pupil joined your school **on or since** the first day of summer term (for most areas this will be 15 April 2024 but may vary for schools in some areas), you can submit a request to remove them from the calculation of your school's performance measures.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. **Date pupil arrived at your school;** <u>and</u> If applicable
2. Letter from LA confirming date of entry to school; <u>and</u>
3. Proof of transition letters from previous school; <u>and</u>
4. Letter from parent confirming date starting school.

Social Care involvement-including police

You can submit a request to remove the pupil from the calculation of your school's performance measures if the pupil fits into **one or more** of the following situations **and** you can provide the mandatory evidence:

Social care involvement

If a pupil has been involved in a recent situation that has required social care involvement that has had a **severe and profound effect on their ability to access education and/or sit all tests.**

Information/evidence requirements

IMPORTANT - Schools' internal management information system reports, for example CPOMS, are not deemed to be 3rd party/external evidence.

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. 3rd party/external evidence from social services confirming the severe and profound effect that the situation had on the pupil's ability to access education and/or sit all tests, dated in 2024 and before the commencement of tests - this could include social worker reports or multi agency meeting minutes.

Police involvement

If a pupil had been involved in a recent situation that has required police involvement and as a result there have been restrictions put in place that have affected the pupil's education, or the situation has had a severe and profound effect on the pupil's ability to access education and/or sit tests.

Information/evidence requirements

IMPORTANT - Your request cannot be accepted without the police report.

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory Information/evidence cannot be accepted:

1. A police report detailing restrictions put in place that prevented pupil accessing education and/or sitting all tests; <u>and, if applicable</u>
2. Any other evidence to support this request, for example, the effect the crime had on the pupil you wish to remove.

Terminal/Critical illness

IMPORTANT – We cannot accept requests to remove a pupil which is solely related to a pupil's SEND status.

These requests <u>must</u> be submitted with the appropriate evidence from medical professionals.

Terminal illness

If a pupil has been diagnosed with a terminal illness, you can submit a request to remove the pupil from the calculation of your school's performance measures.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Evidence from medical professionals confirming that the illness is terminal.

Critical illness

If a pupil has a critical illness or condition, diagnosed or under investigation for at least 12 months before commencement of the KS2 tests, that has had a **severe and profound effect on their ability to access education and/or sit all tests,** for example the need for an organ transplant, or severe and ongoing mental illness such as those with psychosis or requiring prolonged in-patient care, you can submit a request to remove the pupil from the calculation of your school's performance measures.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

**1. Evidence from medical professionals, dated in 2024 and before the commencement of tests, confirming pupil has been unable to access education for prolonged periods of time and/or sit all tests; <u>and</u>
2. Evidence from medical professionals confirming that the pupil has been under investigation or diagnosed with a critical illness or condition for at least 12 months before commencement of tests.**

Please note, in certain situations, you may be able to provide one piece of medical evidence that contains sufficient information to support points 1 and 2 above.

Recent and life changing illness or injury

If a pupil has had a **recent** diagnosis of a life changing illness or injury, for example a cancer diagnosis or a limb amputation that has had a **severe and profound effect on their ability to access education and/or sit all tests**, you can submit a request to remove the pupil from the calculation of your school's performance measures.

Information/evidence requirements

All information/evidence requirements listed in bold are mandatory and <u>must</u> be provided. Cases submitted without the mandatory information/evidence cannot be accepted:

1. Evidence from medical professionals, dated in 2024 and before the commencement of tests, confirming pupil has been unable to access education for prolonged periods of time and/or sit all tests.

Key stage 1 results

As primary tests and assessments were cancelled in academic years 2019/20 and 2020/21 due to COVID-19 disruption, there will be no relevant KS1 data included in the data we share with you during the checking exercise and no KS1-KS2 progress measures will be published for 2023/24.

Key stage 2 tests and assessments

The KS2 results data we use in the 2024 KS2 September checking exercise are supplied directly by the STA in early July. You can view a pupil's results data using the 'results' CSV file on the CYPMD portal.

You will be able to view any late results or outcomes of reviews for your pupils on the **Primary Assessment Gateway**. The deadline for submitting marking reviews to STA is Friday 19 July and the review outcomes will be returned to schools on Wednesday 11 September.

These results will have arrived too late to be included in our calculation of figures contained in the 'results' CSV file, however, they will be included in the KS2 revised data publication in December. They will also be included in an update to 'Analyse School Performance' (ASP) later in the year.

If you have any further enquiries about results or reviews, please contact STA by email at assessments@education.gov.uk or by telephone on 0300 303 3013. The CYPMD help line cannot assist with these queries.

STA moderation guidance states that 'a school must only re-submit data after Friday 28 June when required to do so by STA or the LA'.

Therefore, if you have a TA to be re-submitted, speak to your LA or to STA before making a data submission. You can contact the STA by email at assessments@education.gov.uk or by telephone on 0300 303 3013 if you have questions relating to the submission of TA data.

Further information

If you have a query regarding the pupil data contained on the **CYPMD portal**, please contact the CYPMD help centre at: **https://Check-your-performance-measures-data.education.gov.uk**. **The CYPMD help centre cannot assist with queries regarding KS2 results, please contact STA using the contact details below.**
