Dear Headteacher/Principal

If you are not the headteacher/principal, please forward this email to the appropriate person

Key Stage 4 Autumn Checking Exercise - late results update

Following our communications sent to you yesterday we are aware that there has been some confusion regarding the data included in the second late results CSV file.

Firstly, we apologise for the misunderstanding that has been caused. We are writing to you now to clarify what late results schools and colleges will have seen on the [CYPMD portal](#).

The 2nd late results file that was available on the CYPMD portal only contained new results and grade changes received from AOs **from 30 October to 1 November**. To avoid any further confusion, the second late results file has now been removed.

The second late results CSV file will be reloaded to the CYPMD portal when we share corrected KS4 provisional data with you on the [CYPMD portal](#) w/c 25 November.

The corrected KS4 provisional data should include any late results and grade changes received earlier than the **30 October**.

Please do not raise any further result enquiry forms until we share the corrected provisional data with you.

We will write to you again when the corrected KS4 provisional data is available to view.

Yours faithfully

Department for Education
